## President's Message

Dear Quilters,

Happy New Year!

For many of us New Year's Resolutions translates into starting a new Block of the Month project – we are resolved to do it on schedule and get it done – this time! I have to admit, while I need another project like a hole in the head, one of the local shops is offering a BOM that is so gorgeous, I just had to commit! Actually, several of the shops had a BOM that tempted me but I only succumbed to the charms of one of them. Mystery quilts also abound. I spent yesterday stitching with one of my quilting buddies – she worked on this year's Bonnie Hunter Mystery for most of the day but when she ran out of fabrics she got out the one from last year and started working on it! Both will be gorgeous and I know she will get them done.

What is it about a new year that makes us think that all things are possible? Isn't it a wonderful feeling? After the hustle and bustle of the holiday season we quilters return to our roots, pull out a new project that we've been wanting to do or spend time trying to finish up a few of our UFO's. We sigh contentedly and start stitching.

Several years ago I decided to make that year my year to learn about applique. I took classes through the guild, at Symposium, local shops – everywhere and anywhere – all focused on some aspect of applique. It was great, made it so much easier to pick classes when looking at the Symposium schedule. (Schedule for Symposium 2015 is due out in just a few days!) Since then I have picked some other aspect of quilting to focus on each year – this year's focus? Machine quilting. Mostly what I need to do is practice, practice, practice. Hopefully, by this time next year I will feel confident enough in my machine quilting skills to try quilting a top with more than just wavy stitches.

I just received a note from a quilting teaching buddy of mine who is known nationally. She has a blog and through that blog someone reached out to her for some help finding some quilters in her new home – Benson, NC! Isn't it wonderful that no matter where we go we can find kindred spirits? I can't wait to meet this person, knowing that we will have much to talk about. How great to be able to make new friends wherever we go just by popping our heads up and seeing if there are any quilters in the area. It was fun for me to prepare a list of quilt related information for her. Good to see it all listed on one place. We are all blessed to have so much going on in our area – Guild, Bees, great local shops, classes, National Shows not too far away, shop hops, county extension service groups, the list goes on and on.

We are back on track for the President's Challenge Mystery Quilt – hope you are having fun with it. If you haven't started yet – it is not too late. Instructions for the first three months are available in the September, October and November newsletters available on the website – [capitalquilters.org](http://capitalquilters.org). This month we are making the second block, instructions are a bit later in this newsletter.

Happy Stitching,

*Penny Prichard*

## Heritage Day

*Cathy Kirk*

Congratulations again to Marie Grasso, winner of our Cabin Comforts Raffle Quilt. Another year (our seventh!) of our quilt auction/boutique fundraiser has concluded, with the guild and The Center for Volunteer Caregiving EACH receiving \$5500! We need a chairperson for next year's event. The job will not be very difficult, as a committee of eager helpers is in place, some auction quilts have already been donated, and there will be no raffle quilt to contend with. The new chair will be responsible for organizing the July meeting's Viewers' Choice Challenge show, auction quilt storage arrangements, charity partner nominations, and acting as a liaison with Historic Oak View Park to coordinate the event on October 3, 2015. If you have good organizational skills, the committee needs your leadership. There is a good formula in place for running this event, but new ideas are always appreciated! Please consider this opportunity to help the guild and a partner raise funds in 2015.

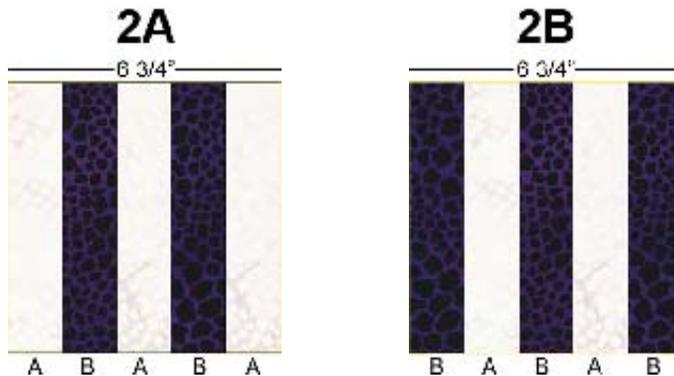

## The 2014-2015 President's Challenge Mystery Quilt

\* This month we will be sewing Block 2.

\* Save a 1" piece of the trimming from a row set, write your name on it, and be sure to place it in the basket on the stage for this month's prize drawing!

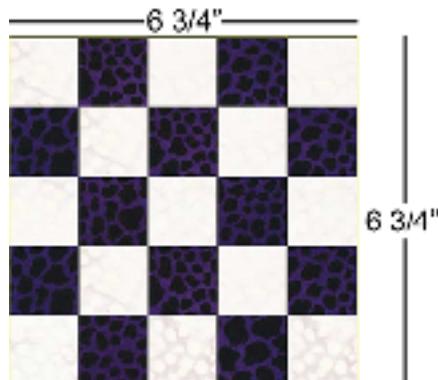

To make the required number of blocks (see chart below) you will need to stitch together two different strip sets.

Using the table below, determine the number of  $1\frac{3}{4}$ " wide strips you will need to assemble the blocks for this month. In this example, Fabric 'B' is the dark fabric and Fabric 'A' is the light fabric. There will be 5 –  $1\frac{3}{4}$ " wide strips in each set. Sew together the number of 2A and 2B strip sets as indicated. Set 2A is sewn together A-B-A-B-A and set 2B is sewn together B-A-B-A-B.

Cross cut the strip sets into  $1\frac{3}{4}$ " strips and arrange them into a checkerboard pattern starting with a  $1\frac{3}{4}$ " strip from Strip set 2A. The strips will be arranged 2A-2B-2A-2B-2A. Please make sure that color A is in all 4 corners.

When stitched together and pressed, your strip sets should measure  $6\frac{3}{4}$ " square. If you need to trim your block please be certain that you pay attention to the diagonal line so that all 4 corners are the same size block.

## MARCH WORKSHOPS w/ AMANDA MURPHY

Friday, March 20  
Color Workshop

Have you ever wondered what to do with the wonderful variety of colors in your stash? Our perception of color is influenced by its quantity, saturation, and hue. One color can look quite different when placed in on a variety of backgrounds. Bring in your fabric and we'll learn what combinations are most successful and why.

Saturday, March 21  
Improvitational Piecing

No rules! It is so fun to see everyone come out with a completely different but equally beautiful project. Various techniques used in improvisational piecing will be covered, including piecing and appliquéing curves, strip piecing, couching, beading, and using specialty stitches.

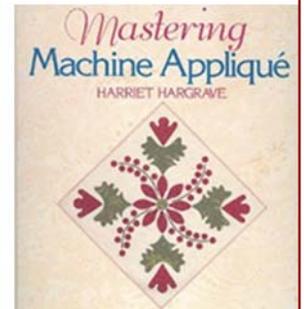

## APRIL WORKSHOPS w/ HARRIET HARGRAVE

Friday, April 17  
Trapunto or Padded Quilting

If you want to go to the next step with your machine quilting, nothing puts the WOW into a quilt like Trapunto. You will create a small whole-cloth quilt working with sateen fabric, wool batting and very fine threads. An easy and slick trick for grid quilting will be covered, as well as many useful background de-

Saturday, April 18  
Invisible Machine Applique  
Enjoy learning true, professional techniques for beautiful machine appliqué. Tried and true methods for achieving perfect appliqué by machine are stressed. Invisible machine appliqué techniques will give a hand appliqué appearance, and is Harriet's instant gratification technique.

## MAY WORKSHOPS w/ FLAVIN GLOVER

Friday, May 22  
Combined Log Cabin and Patchwork

A unique Log Cabin quilt with a different look. Learn to add extra design dimension and interest by joining Log Cabin blocks with various simple geometric patchwork blocks. Use a variety of blocks or select as few as two to develop a striking overall design. The block layouts of Cabins in the Snow, Nine Patch in Log Cabin, Five Star Combo, Holiday Star Table Topper and Center Star Expo illustrate block possibilities. If playing with color, cutting up fabric & sewing it back together appeals to you, come ready to experiment with many blocks to choose from.

Saturday, May 23  
Coloring with Fabric  
in Creative Patchwork

For quilters who wish to take traditional patchwork blocks to new design dimensions. Patchwork blocks such as Windmill, Friendship Star, Attic Windows, Log Cabin, Raiffence and Rob Peter to Pay Paul provide the opportunity for designing with a focus on color and fabric. Participants will loosen the reins on coordinated palettes. Stitch blocks to experiment focusing on color and design, or repeat one block where contrast is manipulated to create movement.

### WORKSHOP UPDATES

*Ina Stringfellow & Karen Graham*

If you missed the November lecture presented by Debbie Maddy you missed some gorgeous quilts. Debbie drove from Texas in order to bring seven suitcases full of all sizes of quilts to show at our meeting. Her workshops on Friday and Saturday were informative, entertaining and relaxing. There will be some gorgeous quilts being presented at future show and tells based on her classes.

We will now be taking a brief break in our workshop schedule. But never fear we still have some great workshops coming. We will begin our Spring workshops in March with a new and upcoming fabric designer and teacher, Amanda Murphy. In April we will welcome Harriet Hargrave followed by Flavin Glover in May. We still have openings in all classes except for Harriet's Saturday class, Invisible Machine Applique. Please check out our website for information on all of our upcoming teachers and classes along with their supply lists. We hope to see many of you in our guild's classes!
